

## Issuance of Unsecured Bonds

January 27, 2022

---

Compañía Minera Autlán, S.A.B. de C.V. (Autlán) informs that, under its dual placement revolving program of unsecured notes for up to \$3,000 million pesos (the “Program”) authorized by the National Banking and Securities Commission, today was held an issuance of unsecured short-term notes (the “Issuance”) for an amount of \$200 million at an annual rate equivalent to TIE 28 days plus 0.45 percentage points with a maturity of 364 days.

The issuance was widely accepted by investors, since it presented a 1.75 times overdemand, which motivates Autlán to continue participating in the market for Mexican debt.

The destination of the funds of the Issuance will be for corporate purposes in general, including payment of liabilities, working capital requirements and / or investment projects. Short-term issues under the Program have a F2 (Mex) rating from Fitch Ratings and HR2 from HR Ratings.

*Autlán is a Mexican company with worldwide recognition for the quality and specialization of its products, strategic supplier of minerals and manganese ferroalloys. We generate value for our shareholders, staff and clients using the experience, the best available technology and future development projects as part of the values and growth of the company.*
